

Typed Words

DIRECTIONS: Use the keyboards to type up your words. Use the color chart to know which color to shade each key. Before you begin shading in keys, write your word in the blank below the keyboard to help you stay in order.

*Hint: Some words may use one letter more than once. That's okay!! Just color on top of what you colored before.

Example: dog

d — red o — pink g — orange

dog

1	red
2	pink
3	orange
4	yellow
5	green
6	blue
7	purple
8	gray
